Thursday	9.15 – 11:15	4.30 – 6.00
Friday	9.15 – 11:15	4:30 – 6:00

How to make an appointment:

Telephone **Reading 9462224** (from 8.00am Monday- Friday).
Urgent cases will always be seen at the next surgery. Every attempt will be made to ensure you are seen on time.

How to request information or leave a message:

Please write to us at: peppard.road@nhs.net

How to request a home visit:

If you need medical help and are too ill to attend surgery then telephone **Reading 9462224** to request a home visit. Please provide enough information for us to assess how soon you need to be seen.

What to do if the surgery is closed:

Please telephone the usual number and you will be referred to the duty doctor. At night and weekends please call **111** for medical assistance.

How to obtain a repeat prescription:

If you are on authorised medication and require a further supply then this must be requested in writing.

If the prescription is requested in the morning then it will normally be ready for collection by 4pm on the same day. In all other cases it will normally be ready for collection by 4pm on the next working day.

If you would like the prescription posted back to you then please enclose a SAE with your request.

You are welcome to email the request to peppard.road@nhs.net or, if you prefer, fax the request to 9462266.

Medication review

If you have regular medication (or supplies such as diabetic testing equipment) then it is helpful to us if you bring everything with you each time you attend.

Our preference is to see you in surgery on a regular basis and then to give you enough medication to last until you are next seen.

Even if this procedure is not followed we will need to see you from time to time to make sure that your medication is still appropriate.
